## Mindfulness for Educators

### A 9-Session Program

**SMART™ (Stress Management And Resiliency Techniques) Education** is a 9-session, 20-hour evidence-based program designed to address the needs of educators, professional support staff, and health-care professionals involved in the lives of children and youth.

This evidence-based course trains educators to better manage work-related and personal stress, in order to cultivate emotional balance. SMART integrates the teachings, practices and research from Mindfulness-Based Stress Reduction, emotion theory, and compassion training to address the specific needs and challenges of educators. Each session consists of presentations, group discussion and experiential practices in mindfulness. A 4-hour silent retreat and weekly home practice is also part of the course.

SMART is a secular program, delivered by SMART UBC accredited facilitators.

**Successful participants receive a Certificate of Completion from UBC Faculty of Education.**
